

# PYLN

Pennsylvania Youth Leadership Network

## What is PYLN?

Since 2005, PYLN has been an organization focused on leadership development for youth with disabilities. Our new vision in 2016 is to create an inclusive statewide network of youth-led, youth-driven organizations across Pennsylvania.

Our network of PYLN affiliates will promote leadership, empowerment and service learning in the areas of **transition, employment, education and community engagement**.

PYLN is organized and supported by a Governing Board of youth and young adults with 10+ years experience in supporting youth to be leaders.
