PaTTAN's Mission

The mission of the Pennsylvania Training and Technical Assistance Network (PaTTAN) is to support the efforts and initiatives of the Bureau of Special Education, and to build the capacity of local educational agencies to serve students who receive special education services.

PDE's Commitment to Least Restrictive Environment (LRE)

Our goal for each child is to ensure Individualized Education Program (IEP) teams begin with the general education setting with the use of Supplementary Aids and Services before considering a more restrictive environment.

Outcomes for This Session:

Participants will:

- Describe the special education timelines from evaluation through IEP development and implementation
- Gain techniques to enhance their participation in the IEP process
- Access resources related to the current IEP process in Pennsylvania

4

Agenda

- Communication Skills
 - Establishing a collaborative relationship and maintaining a positive rapport
- Understanding the IEP Process
- Exploring Resources

PARENTS/ GUARDIANS

Parents are Members of the Team

Successful Teams

- View each member as important
- Clarify each member's role
- Work together
- Are committed

Research Shows...

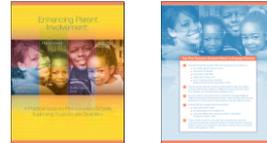

- Schools that have engaged parents benefit from:
 - Improved teacher morale;
 - Increased support from families; and
 - Improved collaboration across the schools' communities

Top Five Reasons Schools Need to Engage Parents, PaTTAN publication
Henderson & Berla, 1994

Research Shows...

- Students with involved parent are more likely to:
 - Earn higher grades and test scores;
 - Attend school regularly;
 - Have better social skills; and
 - Go on to post secondary education

SPECIAL EDUCATION: HOW
THE PROCESS WORKS

Special Education Processes

Child Find

Referral/Screening

Evaluation and Reevaluation

IEP

NOREP/PWN

Child Find

The Child Find Process- Annually

- LEAs must have a system in place to locate and identify children thought to be eligible for special education
- Description of special education programs and how parents can request evaluation must be made public
 - Written information must be published in LEA handbook and web site

What does that mean?

- School staff need to be aware of and let parents know where information is located regarding child find, screening procedures and the evaluation process
- School personnel, especially classroom teachers, need to know when and how to make a referral for an evaluation

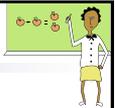

Referral/Screening

Screening

- Hearing & Vision screenings
- Screening to determine how all students are performing on grade-appropriate standards in reading and math

23

What does that mean?

The LEA must

- Determine if the student was provided with appropriate instruction in reading and math
- Assess the student's performance in relation to grade level standards (if student has academic difficulties)
- Observe the student's behavior in the environment where the problem behavior is happening (if student has behavioral difficulties)

Referral

Screening information can suggest that the student may have a disability and be in need of special education services

What does that mean?

- Screening and/or other information about the student can result in a referral
- A parent can request evaluation at any time
- Professional personnel employed by the LEA may refer a student for evaluation

Evaluation and Reevaluation

The Evaluation Team

“A group of qualified professionals and the parent ”

- In PA must include a certified school psychologist unless evaluating for deaf-blindness, deaf/hard of hearing, speech/language impairment, visual impairment and/or orthopedic impairment

28

The Role of the Evaluation Team

The evaluation team must determine if the child is eligible for special education with the two-prong test

1. Does the child have a disability by definition?
2. Does the child have need for specially designed instruction?

29

Forms Related to Evaluation (Reevaluation)

- *Permission to Evaluate-Request*
 - Sent to the parent within 10 calendar days if parent makes oral request for an evaluation
 - Documents parent's request in writing
- *Permission to Evaluate-Consent with NOREP/Prior Written Notice*
 - Documents parental consent

Forms Related to Evaluation (Reevaluation)

- *Agreement to Waive Reevaluation*
 - Waiver recommended by LEA
 - Parent must agree reevaluation unnecessary
 - Never for student with intellectual disability
- *Evaluation/Reevaluation Report*
 - Summarizes testing and assessments, information from parents, classroom observation(s)
 - Determines eligibility/continued eligibility

Timelines for Evaluation/Reevaluation

- **Evaluation/Reevaluation Report**
 - 60 calendar days from the day the LEA receives informed written consent
- **IEP Team Meeting**
 - Not sooner than 10 school days from the date the parent receives the completed Evaluation/Reevaluation Report
 - Can be waived by the parent)
 - Held within 30 calendar days of completed Evaluation/Reevaluation Report

Individualized Education Program (IEP)

IEP

- Summarizes child's current skills/abilities and established education goals for 12-month period
- Documents child's eligibility for special education services
- Formalizes, in writing, the LEA's plan for providing a free appropriate public education that will meet the child's needs in the LRE

The IEP Team

- The student's parent(s)
- The LEA representative
- A general education teacher
- A special education teacher
- Someone who can interpret the results of assessments (may be an existing team member)
- Others as appropriate

35

IEP Team Meeting

- **Develop program based on student needs**
 - Progress monitoring defined– how and when
- **Annual IEP meetings**
 - To review progress and services
 - Make changes to services or not

IEP

- Parents must give consent for initial services
- If parents disagree
 - Team meeting
 - Mediation
 - State complaint
 - Due process hearing

Forms Related to IEP

Invitation to Participate in the IEP Team/ Other Meeting

- Student must be invited if discussing transition services
- LEA must provide interpreter/accommodations
- LEA must notify parents to ensure participation

Form: Individualized Education Program (IEP)

Written statement of the educational program designed to meet child's individual needs

- Demographics
- Special Considerations
- Present Levels
- Transition Services
- Participation in Statewide/Local Assessments
- Goals/Objectives
- Progress Monitoring
- Program Modifications and Specially Designed Instruction
- Related Services
- Supports for School Personnel
- Extended School Year
- Educational Placement
- PennData Reporting

39

Forms Related to IEP

Parental Consent to Excuse Members from Attending the IEP Team Meeting

Any IEP team member may be excused.

- If area of curriculum/service not being discussed/modified
 - Parent agrees in writing
- If area is being discussed/modified
 - Parent gives written consent
 - Member submits written report to parent/IEP team prior to meeting

40

Notice of Recommended Educational Placement/Prior Written Notice
(NOREP/PWN)

NOREP/PWN

Notice of Recommended Educational Placement/Prior Written Notice

Summarizes for parent recommendations for child's program/other actions taken by LEA

- Identification/evaluation/placement
 - Proposal or refusal
- Services
- Disciplinary change of placement
- Exiting special education
 - Graduation/Age/Revocation/No longer eligible
- Extended School Year services
- Independent Educational Evaluation

NOREP/PWN

- Outlines the student's recommended educational placement/other placement options that were considered
- Parent must agree before providing initial services to the student
- Parent must agree before change in evaluation, identification or educational placement
- Reminder: Prior Written Notice must be issued when requesting consent to evaluate or reevaluate

So, Let's Review

1. Students are located and identified through the _____ process.
2. The two-pronged test for eligibility is
 - The student has a _____.
 - The student has a need for _____ instruction.
3. A _____, _____ education teacher, _____ education teacher, and _____ Representative are required members of an IEP team.
4. The _____ is the form issued to explain any action taken by the LEA.

Numbers to Remember: 10 30 60

1. The LEA must complete the Evaluation Report or Reevaluation Report within ___ calendar days of receipt of parent consent (not including summer).
2. The IEP must be developed within ___ calendar days of completion of the ER/RR.
3. The IEP must be implemented as soon as possible but no later than ___ school days after the IEP meeting.

Transfer of Rights at Age of Majority

Consent to education: the age of majority is reached in Pennsylvania when the individual reaches 21 years of age. Likewise, for purposes of the Individuals with Disabilities Education Act, the age of majority is reached for students with disabilities when they reach 21 years of age.

Understanding the IEP

I. SPECIAL CONSIDERATIONS THE IEP TEAM MUST CONSIDER BEFORE DEVELOPING THE IEP. ANY FACTORS CHECKED AS "YES" MUST BE ADDRESSED IN THE IEP.

Is the student blind or visually impaired?
 Yes
 No
 The IEP must include a description of the instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student.

Is the student deaf or hard of hearing?
 Yes
 No
 The IEP must include a communication plan to address the following: language and communication needs; opportunities for direct communication with peers and professional personnel in the student's language and communication mode; academic level; full range of needs, including opportunities for direct instruction in the student's language and communication mode; and assistive technology devices and services. Indicate in which section of the IEP these considerations are addressed. The Communication Plan must be completed and is available at www.pde.pa.gov.

Does the student have communication needs?
 Yes
 No
 Student needs must be addressed in the IEP (i.e., present levels, specially designed instruction, annual goals, etc.).

Does the student need assistive technology devices and/or services?
 Yes
 No
 Student needs must be addressed in the IEP (i.e., present levels, specially designed instruction, annual goals, etc.).

Does the student have limited English proficiency?
 Yes
 No
 The IEP team must address the student's language needs and how those needs relate to the IEP.

Does the student exhibit behaviors that impede his/her learning or that of others?
 Yes
 No
 The IEP team must develop a Positive Behavior Support Plan that is based on a functional assessment of behavior and that utilizes positive behavior techniques. Results of the functional assessment of behavior may be listed in the Present Levels section of the IEP or in the Positive Behavior Support Plan (PBSP), a separate document that is attached to the IEP. A Positive Behavior Support Plan and a Functional Behavioral Assessment form are available at www.pde.pa.gov.

II. PRESENT LEVELS OF ACADEMIC ACHIEVEMENT AND FUNCTIONAL PERFORMANCE

Include the following information related to the student:

- Present levels of academic achievement (e.g., most recent evaluation of the student, results of formative assessments, curriculum-based assessments, response assessments, progress toward current goals)
- Present levels of functional performance (e.g., results from a functional behavioral assessment, results of ecological assessments, progress toward current goals)
- Present levels related to current postsecondary transition goals if the student's age is 14 or younger if determined appropriate by the IEP team (e.g., results of formative assessments, curriculum-based assessments, progress toward current goals)
- Parental concerns for enhancing the education of the student
- How the student's disability affects involvement and progress in the general education curriculum
- Strengths
- Academic, developmental, and functional needs related to student's disability

III. TRANSITION SERVICES - This is required for students age 14 or younger if determined appropriate by the IEP team, if the student does not attend the IEP meeting, the school must take other steps to ensure that the student's preferences and interests are considered. Transition services are a coordinated set of activities for students with a disability that is designed to be within a results oriented process that is focused on improving the academic and functional achievement of the student with a disability to facilitate the student's movement from school to post school activities, including postsecondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation that is based on the individual student's needs taking into account the student's strengths, preferences, and interests.

POST SCHOOL GOALS - Based on age appropriate assessment, define and project the appropriate measurable postsecondary goals that address education and training, employment, and an needed, independent living. Under each area, list the services/activities and courses of study that support that goal. Include for each service/activity the location, frequency, projected beginning date, anticipated duration, and person/agency responsible.

Y. GOALS AND OBJECTIVES - Include, as appropriate, academic and functional goals, the as many copies of this page as needed to plan appropriately. Specially designed instruction may be listed with each goal/objective or listed in Section VI.

Short term learning outcomes are required for students who are gifted. The short term learning outcomes related to the student's gifted program may be listed under Goals or Short Term Objectives.

MEASURABLE ANNUAL GOAL (Include Condition, Name, Behavior, and Criteria [Refer to Attachment IEP for description of these assessments])	Describe HOW the student's progress toward meeting this goal will be measured	Describe WHICH periodic reports on progress will be provided to parents	Report of Progress

SHORT TERM OBJECTIVES - Required for students with disabilities who take alternate assessments aligned to alternate achievement standards (PAAS).

Short term objectives / benchmarks

Understanding the IEP

Measurable annual goals are:

- Directly related to the needs as indicated on the ER or in review of the IEP.
- Directly related to the present education levels and to the general education curriculum.

51

Understanding the IEP

Measurable annual goals

- Must have a measurable ending point which is determined by:
 - knowing the current starting point as indicated in the present levels of educational performance (PLAAFP)

and

 - projecting where the student will be performing by the end of one year.

52

Understanding the IEP

Measurable annual goals include:

- Condition
- Student's Name
- Clearly Defined Behavior
- Performance Criteria
 - Criterion level
 - Number of times needed to demonstrate criterion level
 - Evaluation schedule

53

Understanding the IEP

Measurable annual goals:

Condition

- Describes the condition under which the student will perform the behavior.
 - Ex. During lectures in math and science.....
- Requires a clear description of the assessment material that will be used to evaluate the learning outcome.
 - Ex. Given a fourth grade reading passage...

54

Understanding the IEP

Measurable annual goals:

Clearly Defined Behavior

- Describe the behavior in measurable terms
- Ask what will the student actually **DO?**
 - Examples:
 - Says, prints, writes, reads orally...
 - Non-examples:
 - Understand, know, recognize, learn, improve, pay attention to, demonstrate the ability to, ...

55

Understanding the IEP

Measurable annual goals:

Performance Criteria

- Includes three components
 1. Criterion Level
 - The level the student must demonstrate for mastery
 2. Number of Times Needed to Demonstrate Criterion Level
 - How consistently the student needs to perform the skill(s) before it's considered "mastered"
 3. Evaluation Schedule
 - How frequently the teacher plans to assess the student

56

Understanding the IEP

Measurable annual goal example:

- ♦ During reading class, John will decrease calling out in class to 5 times per day for five consecutive days using scatterplot recording.

Condition: During reading class

Name: John

Behavior: (decrease) calling out in class

Performance criteria:

criterion level: 5 times per day

of times: five consecutive

evaluation schedule: days (daily)

57

Measurable annual goals:

What is Missing?

Understanding the IEP

Measurable annual goals: Just Checking

Example:

Given a random selection of 20 words from a pool of 100 words with a CVC or CVCC pattern, Eva will spell 95% of the words correctly on three consecutive weekly spelling tests.

Activity: Identify the parts. Are any missing???

59

Understanding the IEP

Measurable annual goals: Just checking

Example:

Larry will solve addition problems with and without regrouping 5 out of 5 times.

Activity: Identify the parts. Are any missing???

61

Understanding the IEP

Measurable annual goals: *Just checking*

Example:

Given 5 opportunities to ask a question, Seth will raise his hand and wait to be called with 100% accuracy on 3 consecutive sets of opportunities as measured on a weekly checklist.

Activity: Identify the parts. Are any missing???

Understanding the IEP

Measurable annual goals include:

- Condition
- Student's Name
- Clearly Defined Behavior
- Performance Criteria
 - Criterion level
 - Number of times needed to demonstrate criterion level
 - Evaluation schedule

VI. SPECIAL EDUCATION / RELATED SERVICES / SUPPLEMENTARY AIDS AND SERVICES / PROGRAM MODIFICATIONS - Include, as appropriate, for nonacademic and extracurricular services and activities.

A. PROGRAM MODIFICATIONS AND SPECIALLY DESIGNED INSTRUCTION (SDI)

- SDI may be listed with each goal or as part of the table below.
- Include supplementary aids and services as appropriate.
- For a student who has a disability and is gifted, SDI also should include adaptations, accommodations, or modifications to the general education curriculum, as appropriate for a student with a disability.

Modifications and SDI	Location	Frequency	Projected Beginning Date	Anticipated Duration

VII. EDUCATIONAL PLACEMENT

A. QUESTIONS FOR IEP TEAM - The following questions must be reviewed and discussed by the IEP team prior to providing the explanations regarding participation with students without disabilities.

It is the responsibility of each public agency to ensure that, to the maximum extent appropriate, students with disabilities, including those in public or private institutions or other care facilities, are educated with students who are not disabled. Special classes, separate schooling or other removal of students with disabilities from the general educational environment occurs only when the nature or severity of the disability is such that education in general education classes, EVEN WITH the use of supplementary aids and services, cannot be achieved satisfactorily.

- What supplementary aids and services were considered? What supplementary aids and services were rejected? Explain why the supplementary aids and services will or will not enable the student to make progress on the goals and objectives (if applicable) in this IEP in the general education class.
- What benefits are provided in the general education class with supplementary aids and services versus the benefits provided in the special education class?
- What potentially beneficial effects and/or harmful effects might be expected on the student with disabilities or the other students in the class, even with supplementary aids and services?
- To what extent, if any, will the student participate with nondisabled peers in extracurricular activities or other nonacademic activities?

Explanation of the extent, if any, to which the student will not participate with students without disabilities in the regular education class:

B. Type of Support

1. Amount of special education supports

- Minimal: Special education supports and services provided by special education personnel for 20% or less of the school day
- Supplemental: Special education supports and services provided by special education personnel for more than 20% of the day but less than 80% of the school day
- Full-Time: Special education supports and services provided by special education personnel for 80% or more of the school day

2. Type of special education supports

- Academic Support
- Blind/Visually Impaired Support
- Deaf and Hard of Hearing Support
- Emotional Support
- Learning Support
- Life Skills Support
- Multiple Disabilities Support
- Physical Support
- Speech and Language Support

C. Location of student's program

Name of School District where the IEP will be implemented: _____

Name of School Building where the IEP will be implemented: _____

Is this school the student's neighborhood school (i.e., the school the student would attend if he/she did not have an IEP)?

- Yes
- No. If the answer is "no," attach the reason why not: _____
- Special education supports and services required in the student's IEP cannot be provided in the neighborhood school
- Other. Please explain: _____
