

# Echoic

Imitating someone else's  
vocal verbal behavior

Child says 'water' after  
you have said 'water'

# Motor Imitation

Imitating someone  
else's motor  
movements

# Intraverbal

Answering questions or filling in blanks without point-to-point correspondence

Verbal behavior controlled by other's verbal behavior e.g. a child saying 'lamb' when you pause after saying 'Mary had a little ...' or answering 'pink' when asked 'What's your favorite color?'

# Listener Responding (Receptive)

Following instructions e.g.,  
“Sit down”, “give me the  
ball”, “find the shoe”, “put  
your plate in the sink”

# Mand (request)

When thirsty and wanting water, a child asks (or signs, or gestures) and receives the specific reinforcer 'water'.

# Tact (label)

## Naming

objects, actions, events,  
relations, properties, etc.

A tendency to say "car" when  
you **see** a car.
